**Subject:** Re: analytical methods

Rich,

The latest information I have is: We are waiting for a formal response from Cabot on what is actually being requested. That request was to be forwarded to us.

Currently we are pulling information together based on the verbal request and should have it ready for Monday. May we have an FTP site to post or another way to provide this information?

Cindy

**Subject:** analytical methods

Can we now presume that we will be receiving pdfs of the analytical methods? If so about how long will it be before we receive them?

thanks  
Rich
